
SPINTER WebMail system allows you to read and send electronic mail (e-mail), wherever you are and at any time, using it at any reader for a secured Web site with customer support and security protection mailbox.

To access your Webmail in, it is necessary to open any Web browser (Internet Explorer, Mozilla, Opera ...) and type the URL address <http://webmail.spinter.net>.

Once you have found Open Webmail, you will be greeted with a login screen the same or similar to the following example:

A screenshot of a web browser's login page. The page has a blue header with the word "Login" in white. Below the header, there are two text input fields: "Username:" and "Password:". Below the "Password:" field is a "Login" button. To the right of the "Login" button are two checkboxes: "HTTP Compression" (unchecked) and "Auto Login" (unchecked).

Type your **User Name** (or ID) in the text field beside **UserID:**, and your password in the text field beside **Password:**

Note: You received your username and your password when you opened your Spinter DialUp account. If you lost or forgot your username or password, please contact our technical support on phone number 051/241-555.

Example:

Email address: testuser@spinter.net
Username: testuser
Password: 12345678

If you like, you can mark the checkbox next to "Auto Login", and your UserID will automatically be inserted for you the next time you visit Webmail and you will only be required to enter your password.

Once you have entered both of these fields, you can click "Login", or hit the "Enter" key on your keyboard. If you entered the correct information, you will open your Inbox.

According to pre-defined settings, a space for e-mail messages is limited to **30 MB**.

All messages that you have read using Webmail system will not be automatically deleted from our server. You will be able to find them later using other e-mail client, such as Outlook Express.

New Webmail system offers many new features such as calendar, planner, configure accounts and looking interface, etc.

If you have any issues during login to your Webmail account, please contact our technical support at phone number (051) 241-555
